

# INTERNSHIPS

---

TAWC students interested in internship opportunities as an elective course must consult with their advisor/educator coach and Academic Program Director to complete the necessary documentation and receive approval from the Academic Program Director. Internships are offered to students with junior status and above based on the premise that academic knowledge combined with practical experience better prepares students to succeed professionally beyond college. Students have the opportunity to identify their own internship sites and experiences. Each student's learning activities and performance are approved and evaluated by college faculty/staff as well as the onsite supervisor. Six-credit internships require 240 hours of approved supervised work; three-credit internships require 120 hours. Internship courses are graded on a pass/fail basis.
