

LEARNING MANAGEMENT SYSTEM

The University uses a web-based learning management system (LMS) called Canvas in all programs at both the undergraduate and graduate levels. This system allows for the electronic posting of educational materials for each course and can be accessed from computers and mobile devices from both on and off campus. Students are required to obtain their course syllabus from the LMS for each of their courses. Students are expected to keep copies of all work submitted through their online classrooms because access to the learning management system is not indefinite and concludes after a student departs the University. Should a student withdraw from a course, access to the online classroom for that course is terminated.
