Certificates pursued concurrently with a degree program will not be awarded until the degree has officially been conferred.

Student Participation in Commencement Exercises

The Commencement ceremony is our culture's most significant public demonstration of educational achievement. Commencement is a highly ritualistic, stylized event with specified protocols and regalia. Like other rituals in our culture, the ritual of conferring degrees, wearing caps and gowns, listening to speeches and acknowledging academic achievement with diplomas all underscore the importance of what one does in the teaching and learning environment. The celebration of Commencement stands as an important and enduring academic tradition and ceremony, set apart from our day to day activities. Most importantly, Commencement marks the completion and conferral of degrees. Students are permitted to participate in only one processional for a completed degree program.

Bay Path University holds their Commencement ceremony each year in May. Students in Associate, Bachelor's, Master's, Specialist in Education, or Doctorate degree programs who received degree conferral during the respective academic year or those on pace to complete their degree requirements by the end of their program's final semester within the academic year are eligible to participate. Graduate students must be on pace (by April 1st of their final year) to complete all outstanding requirements by the final day of the summer semester. Students who are not on pace to complete their degree requirements by the end of the summer semester are not eligible to participate in the current academic year's Commencement ceremony because they are considered a potential graduate in the following academic year. Exceptions to this policy must be approved by the University Registrar, Dean of the student's school, and the Vice President of Academic Affairs.

Eligible students who have not completed their degree requirements at the time of Commencement will receive a blank diploma cover and

will appear in the Commencement program with a notation that degree requirements were incomplete at the time of the printing of the program.

Graduation Name

Bay Path University allows graduates to provide a preferred first, middle, and last name to be listed in the Commencement program and read aloud as they cross the stage. Graduates provide their graduation name when they complete the Graduation Application. The name of graduates who do not complete the Graduation Application at least two weeks before the date of Commencement will reflect their legal name on file. The institution also reserves the right to deny any desired name deemed inappropriate.

Diplomas and transcripts from the institution will reflect the student's legal name on file. Students who wish to update their legal name on file must complete the Personal Information Update Form on the MyBayPath portal and must upload their social security card matching the legal name being requested.
