

ANIMALS & PETS ON CAMPUS

Resident students may have fish in aquariums of 10 gallons or less. All other animals and pets, excluding approved support and service animals, are not permitted on campus.

Students seeking accommodations for service and support animals should review the policy located in the Service and Support Animal (<https://catalog.baypath.edu/student-guidebook/general-student-policies/service-animals/>) section of this guidebook and submit the appropriate forms and documentation to the Office of Accessibility Services. Any student anticipating needing to make a request for a Service or Support Animal accommodation should reach out as early as possible to help avoid any delays or last-minute stress.
