

DRIVING & PARKING ON CAMPUS

For university locations that have parking on campus students must comply with the rules and regulations regarding parking and driving as part of enrollment. The regulations also apply to visitors and are considered part of the terms and permission to be on campus. Vehicles in violation of University policy may be ticketed by Campus Public Safety or towed.

Driving

All campuses have increased pedestrian traffic and require drivers to be vigilant and cautious. The campus speed limit is 15 miles per hour. Lower speeds may be necessary during occasions such as certain weather conditions and during peak pedestrian traffic times. Vehicles must be operated at reasonable and proper speeds at all times. Speeding on campus roads/parking lots is a serious offense and can result in loss of campus driving privileges. Drivers are expected to obey all signs and stop for all pedestrians.
