

CLASS CANCELLATION POLICY

While classes may be canceled unexpectedly, it is the University's policy **not** to cancel classes in which an announced examination, presentation, or other graded exercise is scheduled. Students should **not** assume that notices on classroom doors are official. Students should refer to BPU Community, the "Campus News Board" on the MyBayPath Portal, and Canvas for information on course cancellation. It is the students' responsibility to verify class cancellations if they choose not to wait in the classroom for the instructor to arrive. Each instructor has the discretion to manage consequences of absences based on false information about class cancellations.
